Description

Over 3 000 birds (and small animals) of 400 different species are uniquely presented in more than 100 spacious landscaped walk through aviaries, allowing you the most intimate closeness with nature.

A tropical garden setting in the Hout Bay Valley is the environment in which the aviaries are spaced over 4 ha of land, framed by the back of Table Mountain, the Twelve Apostles, Constantiaberg, Chapman's Peak and Little Lion's Head. A paradise for nature lovers and photographers, the World of Birds is one of Cape Town's premier tourist attractions which no visitor should miss.

World of Birds Wildlife Sanctuary & Monkey Park is a privately funded organisation helping and rehabilitating sick, injured or orphaned animals.
